DESCRIPTION

At the front, a spacious terrace provides an inviting entrance and plenty of room for outdoor dining and relaxation, while the rear terrace offers another generous space to enjoy the Mediterranean climate. Thanks to its west-facing orientation, the property enjoys excellent afternoon and evening sun, making the terraces particularly enjoyable later in the day. The corner position also allows significantly more natural light into the home, creating a bright and airy atmosphere throughout. The property is also equipped with solar panels, adding an attractive energy-efficient feature and helping to reduce electricity consumption. Located within a well-maintained residential community with a communal swimming pool, this is an excellent opportunity for anyone looking for a permanent home, holiday property or investment in one of Punta Prima's most established residential areas. With its large wraparound outdoor space, corner position, solar panels and bright west-facing aspect, this property offers features that are difficult to find in a standard apartment within the urbanisation.
