VILLA IN SANTIAGO DE LA RIBERA

Réf. MLSC788791 · 519.900 €

DESCRIPTION

The pool has pre-installation for heating. The living space is open plan with wood panel finishing and a bespoke luxury kitchen with built in bosch fridge freezer, oven and hob and a Johnson dishwasher. There are little design touches to these villas that make them unique. There is a hidden doorway which leads directly from the kitchen to the outside kitchen / eating area. You will find sliding patio door access to the garden, a spacious shower room and stair access to the large basement and to the first floor bedrooms. The property has 3 bedrooms all with fitted wardrobes, one is a single the other two doubles. There is also a spacious family bathroom on the first floor. The taupe doors throughout match the kitchen allowing a seamless flow throughout the villa. There is access to the roof via a pull down staircase from the first floor hallway. The property has integral hot and cold aircon, acoustic insulation, porcelain tiling in the bathrooms with Pamesa suites. The aerothermal water heaters are installed in the basement.
