LÝSING

Also within walking distance is Ozone Leisure Centre, one of Torrevieja's main entertainment destinations, featuring a cinema, restaurants and a variety of leisure activities for the whole family, allowing you to enjoy everything without needing to use the car. The area also benefits from schools, pharmacies, public transport and excellent connections to Torrevieja town centre and its beautiful beaches, making this property ideal as both a permanent residence and a holiday home. The property stands out for its spacious layout, practical distribution and excellent condition, ready to move into. On the ground floor, you will find a bright living and dining room, a fully renovated independent kitchen with a modern and elegant design, one bedroom and a fully fitted bathroom with a walk-in shower. Having both a bedroom and a bathroom on the ground floor is a significant advantage, providing extra comfort for everyday living, improved accessibility and making it ideal for guests or anyone wishing to avoid using the stairs regularly. From the kitchen there is access to the semi-basement, currently used as a home office. This versatile space could also be adapted as an additional bedroom, games room, gym or hobby room. The laundry area, complete with washing machine and tumble dryer, is also located on this level. The first floor offers two spacious bedrooms, both equipped with air conditioning to ensure maximum comfort all year round. This floor also features a large family bathroom with a Jacuzzi bathtub, perfect for relaxing after a long day. The property also benefits from a fantastic private solarium, an ideal space for sunbathing, outdoor dining, creating a chill-out area or simply enjoying the exceptional Costa Blanca climate. As an added bonus, the property is equipped with a solar panel system and battery storage. This allows electricity generated during the day to be stored and used later, including during the evening or when solar production is lower. This system helps to significantly reduce electricity bills, improves energy efficiency and provides greater independence from rising energy costs, making the home both economical and environmentally friendly. A complete, comfortable and move-in-ready property in one of Torrevieja's most desirable locations, offering all amenities within easy reach and a layout designed for comfortable Mediterranean living.
