LÝSING

The main villa cleanly distributes four large bedrooms and a private study across the floor plan, alongside two bathrooms, all connecting smoothly to expansive covered porches. There is also a large garage currently converted into extra living space.Set on an expansive plot designed to enjoy the Mediterranean climate, the outdoor space features two large porches, a 53 m² private swimming pool, and gardens filled with mature palm, pine, and fruit trees. The exterior of the property does require some general maintenance and retouch work—it needs a bit of love, but the structural character and upside potential are massive. Excellent guest and wellness features are already built, including a completely detached guest wing with one independent bedroom and bathroom, two independent ground-floor flats with a living area, kitchen, and bedroom with en-suite, a registered wooden Finnish sauna, and a private covered Jacuzzi cabin.Practicality meets versatility with a separate 85 m² social lounge located right next to the pool terrace, making it an ideal space for large family gatherings, a fitness/yoga studio, or a commercial event room. Furthermore, the adjacent plot comes with a second house to reform.The location offers total privacy right next to the peaceful nature reserve, while keeping everyday conveniences within easy reach. You are just a 15-minute drive from Elche's historic city center and 15 minutes from the beach. Travel is straightforward, with quick access to Alicante airport.
