The property has been carefully renovated to meet current needs, featuring a modern, functional style and is ready to move into. One of the highlights of the renovation has been the enclosure of the original terrace, an improvement that has significantly expanded the living area, creating a much larger, brighter, and more versatile space to enjoy with family and friends. The living room thus becomes the true heart of the home, offering a comfortable and welcoming space that makes the most of the available area. Thanks to this redesign, the home gains in functionality and comfort, providing a greater sense of spaciousness throughout. The layout is completed with two bedrooms, ideal for both permanent residence and enjoying holidays by the sea. Both spaces offer comfort, tranquility, and excellent adaptability to the needs of each owner. The home has a fully renovated bathroom, featuring modern finishes and a practical design intended for everyday use. Another major attraction of this property is its separate kitchen, an increasingly sought-after feature for those who value having a separate cooking area, with greater organization and functionality in their daily lives. The complex features a communal swimming pool, an added bonus that allows you to enjoy the magnificent Mediterranean climate without leaving home. It's the perfect place to cool off during the warmer months, relax, or spend time with family and friends. Its location is simply exceptional. Just 250 meters from La Acequión Beach and surrounded by supermarkets, pharmacies, restaurants, cafes, public transport, medical centers, and all kinds of shops, this property allows you to enjoy a comfortable and convenient lifestyle year-round.
