APRAŠYMAS

It is a metropolis in the Comacra of Marina Baixa in Alicante. It is located to the northeast side of the province of Alicante and borders the Callosa d'en Sarria assisted by the Guadalest River. Among the important geological features of the city are the Sierra del Monte Ponoig and its ravines. These flow to the east.Polop is a lovely little Spanish town, many foreigners live here, along with many Spanish. The city has a great, friendly atmosphere with a lovely view. The city is accessible via the AP-7 or N-332 from Alicante, by taking the CV-70 route up to Benidorm. The main source of income of most of the inhabitants of Polop is agriculture. Almonds and olive trees are among the major crops. Moreover, citrus fruits and persimmons are also a large part of the agriculture. ref:VIL_2
