VILLA IN PINOSO

Nr ref. MLSC4297008 · 574.995 €

OPIS

The home is powered by mains electricity and supported by a solar system with 15 panels (500W each), helping to improve energy efficiency. Water is supplied via a 25,000-litre deposit, typically refilled every six weeks, providing a reliable and cost-effective solution.Outside, the villa sits on a fully fenced and landscaped plot with electric gates and a covered porch for outdoor living. The standout feature is the 10 x 5 metre heated swimming pool, maintained at approximately 30°C and fully enclosed within a Florida screen, which covers the pool, patio, barbecue area, and children's play area. This creates a comfortable outdoor space protected from flies during harvest season and other insects.The outdoor area is designed for both relaxation and entertaining, featuring a barbecue area with a pizza oven, an outside toilet, and a children's playground with climbing frame. The grounds include an orchard with almond trees and irrigation pipes throughout the plot. A local farmer maintains the land and trees at no cost in exchange for the crops.The garage building is split into a garage space and a workshop, and also includes an upper floor currently used as storage and a dressing room. This building offers further potential and could be converted into a self-contained guest annexe if desired.The property is set in a quiet area with complete privacy and enjoys open views across the valley, vineyards, and orchards. While there are neighbours in the surrounding area, the villa itself remains private and secluded. The entire plot is secure and ideal for walking, outdoor activities, or simply enjoying the natural surroundings.About the Area Lel is a peaceful rural area just a short drive from Pinoso, a lively inland town known for its excellent restaurants, local wines, and welcoming community.
