Description

g>Residencial Jaya Apartments in Amoros – Exclusive New Development with 2026 Delivery

Welcome to **Residencial Jaya Apartments**, a unique opportunity in Amoros. With a modern and refined design, this new construction project offers 20 exclusive apartments, with delivery scheduled for June 2026. The apartments feature a ducted heating system with an installed unit, ensuring year-round comfort and efficiency, and hot water powered by aerothermal energy, a sustainable and low-consumption option.

The single-layer facade and double-glazed windows with aluminum thermal break frames provide excellent thermal and acoustic insulation, along with a sophisticated style. The fully equipped open-plan kitchen invites you to enjoy a functional and elegant environment.

Currently in the planning stage with a building permit in process, **Residencial Jaya Apartments** offers a future-proof investment in a privileged area, ideal for both permanent living and a second residence.
