## Description

A new residential complex on the Punta Prima beach with sea views and a large communal area with spectacular facilities: three pools, spacious gardens, gym, sauna, children's play area, table tennis, and paddle tennis court. This development has a privileged location, just 50 meters from the beach, with access to all services and the extensive range of services, commerce, culture, and gastronomy of both Torrevieja and Orihuela Costa.

Valonia Resort is a new development offering penthouses with sea views and a solarium, ground floors with a splendid private garden, and two and three-bedroom homes with different layouts, facing south. In all available typologies, great attention has been paid to the interior design, which features large windows to enjoy the wonderful views and make the most of the natural light. In this first phase of the development, 60 homes of all characteristics are released for sale, each with its corresponding parking space and a starting price from 239,000 euros.
