Description

Villas Esmeralda Luxury – Exclusive Villas in 800 sqm Plots in the Heart of “Pinar de Campoverde”

Villas Esmeralda Luxury offers exclusive villas on 800-square-meter plots located in the center of “Pinar de Campoverde,” a village nestled on a wooded hillside, 7 km from the beaches of the Costa Blanca with views of the Mediterranean. The village provides all services within walking distance.

Pinar de Campoverde has around 3,000 homes in the urbanization, mainly inhabited by Spanish, English, German, Belgian, and Dutch residents.

To the east of Pinar de Campoverde, you’ll find the famous Natural Park of R o Seco, where you can walk along the (usually dry!) riverbed, witnessing a spectacular gorge carved by water over millennia through yellow sandstone.

Pinar de Campoverde enjoys a typical Mediterranean climate with an average of almost 3,000 hours of sunshine per year and an average winter temperature of around 20 degrees.

This urbanization, belonging to the municipality of Pilar de la Horadada, is very active throughout the year. There’s a lot to do, see, and experience, and unlike other places, it doesn’t close down during the winter months.
