Description

Located in the highest area of Benidorm, this new development offers stunning views of the Mediterranean Sea and the city. Inspired by the Mediterranean lifestyle, it seeks to promote a community life focused on light, sun and connection with others. To this end, it has large socialising areas, large terraces and spaces ideal for receiving visitors and enjoying moments with loved ones. The project is made up of 70 penthouses with large terraces, available in 2 and 3 bedroom configurations, as well as 2 exclusive villas with private pools. All homes enjoy panoramic views of the sea and the city of Benidorm, thanks to the stepped design that maximises the views from any point. Luminosity and high construction quality are distinctive elements of these homes, adapted to the needs and demands of modern society.
